Acai Juice

Acai is a grape-like berry, deep purple in colour, and approximately the size of a blueberry. The berries grow wild on palm trees located mostly in the Amazon Rain forest in South America. Our organic Acai Juice is a tasty fruit drink consisting of 100% certified organic Acai.

Acai is one of the most nutritious superfoods available, some of its nutrients include - vitamin B, minerals, fibre, protein, calcium, iron, omega 3 fatty acids and omega 9. Backed by scientific research into the fruits properties, the Acai berry fruit health benefits are quite substantial to name a few :

- Maintains healthy organs
- Help fight against age disease & cancers
- Increased energy and strength
- Regulate blood sugar levels
- Improves mental clarity
- Helps lower cholesterol level
- Helps fight heart disease

Our pure certified organic Acai drink has no flavourings or preservatives just 100% organic acai, available in 500ml or 1000ml bottles. Also available blended and fruit fusion (with red berry complex).

Acai Berry Facts:

- Acai juice is said to have between 10 and 30 times more antioxidants than grapes, pomegranates, and even blueberries.
- Acai can help regulate blood sugar levels so as part of a monitored healthy diet including Acai Juice could help regulate diabetes.*
- Acai berries have a unique flavor that resembles a mixture of chocolate and berries and do not need added sugar for sweetness.
- Acai fruit helps improve sexual function, digestion and can cleanse and detoxify your body in addition to fighting diseases.
- Acai boosts your immune system and alongside a balanced diet can assist in weight loss because of it's many proteins and fatty acids.
- Acai juice has lots of essential fatty acids like Omega 6 and Omega 9 which help with anti-ageing.
